4th Annual

Babies, Blessings & Brunch

THIS YEAR WE HAVE THE PLEASURE TO INTRODUCE YOU TO OUR SPEAKERS: DAN & CONNIE AMBRECHT

As a couple with a personal testimony involving abortion, Dan and Connie share with others the healing power of Christ and challenge you to take a stand for life. In seeing His image and likeness on the screen before them, guests will experience first hand the impact of technology and hear stories of how lives are changed. Having provided ultrasound training at over 100 Pregnancy Resource Centers across America and internationally, they share what happens on a daily basis at a Pregnancy Resource Center. It is their desire that others know where they stand regarding life. Life is valuable...no matter what. You will leave understanding how, why and when to take action for life!
